• A Big Profit From Your Own Back Yard

Earlier Ripening • Better Flavor

More Uniform Fruit • Heavier Production

Extra Large Berries • Grow Well in Any State

### PRICES STRAWBERRY PLANTS

Parcel Post Prepaid to Your Door—Nothing Else to Pay—Plants Guaranteed

12 plants for.....	\$1.00	250 plants for.....	\$6.98
25 plants for.....	1.49	500 plants for.....	12.00
50 plants for.....	2.39	1,000 plants for.....	20.85
100 plants for.....	3.76	2,000 plants for.....	40.00

All Strawberry Plants shipped Postpaid, fresh and green. Fulwood's All Red Strawberry Plants out produce most everbearing varieties. They will bear excellent fruit for four months in the year. Use them for borders. Plant in flower or vegetable garden.

### PYRAMID CIRCULAR TERRACED GARDEN

In one-third the space required by conventional garden methods you can enjoy a large yield of Strawberries. Practical and good-looking Pyramid Garden Beds are the answer. They keep the Strawberry plants elevated pyramid fashion for quicker and bigger harvests. Easy to pick from; simple to care for. The bottom aluminum ring is 6 feet in diameter (each band is 5 inches wide). Fill with rich soil, allow it to settle and set it with Strawberry plants. One Pyramid Garden Bed requires 100 plants.

At last—An all Red Strawberry that will produce and grow fine strawberries for your table. They will do well planted anywhere.

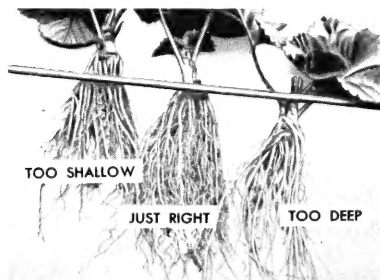

LARGE Tall, thrifty plants. Beautiful dark green foliage. Plant along walks, borders or garden edging.

PLANTS READY OCTOBER 1st TIL June 1st

**Order your strawberry plants now. Get your plants established and harvest luscious strawberries in the spring.**

### HOW TO PLANT

Plant one plant at a time direct from polyethylene bag in late afternoon. Open the ground with a spade. Place plant in this opening with roots straight down and crown just level with top of soil. (See Illustration) If the plant is planted too shallow the roots will dry out, or if planted too deep the crown will decay. Have roots straight down and press soil firmly around the roots. Then soak in thoroughly.

### PYRAMID GARDEN BED

Price \$9.95 Prepaid Parcel Post

Pyramid Garden Bed with 100 All Red Strawberry Plants complete. \$12.95 Postpaid.

# FULWOOD'S ONION PLANTS

**GENUINE FROST PROOF**

# FULWOOD'S frost proof CABBAGE PLANTS

**READY SEPT. 1 TO JUNE 15**

CERTIFIED BY THE STATE OF GEORGIA

SEND ALL ORDERS TO P. D. FULWOOD CO., TIFTON, GA.

## FROST-PROOF—

These plants will stand temperature as low as 20 degrees. Set plants in open field five weeks earlier than tender hot-bed grown plants.

## FIELD GROWN—

Plants grown in the open field under irrigation to insure you plants when you want them.

## BEST SEED—

We use only the best seed obtainable. Our plants are grown from seed produced by the well-known seed firm, Ferry-Morse Seed Company.

## PRODUCE EARLIER—

Because our plants are hardy, field grown and the highest quality plants they can be set earlier and produce two to three weeks earlier than home grown plants.

**Copenhagen Market:** 66 days, 3 lb. head. Extra early strain

**Ferry's Round Dutch:** 71 days, 5 lb. head. Shows considerable tolerance to mildew injury and cold weather. Almost ball shaped, firm, high quality. Slow to develop seeders.

**Glory of Enkhuizen:** 76 days, 6½ lb. head. Heads globular and firm.

**Golden Acre:** 66 days, 3 lb. head. Very early round headed cabbage with clear white interiors.

**Midseason Market:** 76 days, 7 lb. head. A shipping variety. Large, globular, very hard.

**Round Red Dutch:** 80 days, 4 lb. head. Medium-early. Round head, solid, deep red color.

**Savoy Chieftain:** 90 days, 6 lb. head. Outer leaves large, coarsely crimped, rich dark green. Very good table quality.

**Marion Market (Yellows Resistant):** 72 days, 4 lbs. Similar to Copenhagen Market, but larger and later maturing. Head round, firm.

**Resistant Glory (Yellows Resistant):** 77 days, 6½ lb. head. Heads round and firm.

**Wisconsin Ballhead Improved (Yellow Resistant):** 100 days, 7½ lb. head. Valuable for shipping and kraut. Head large, globular to slightly flattened globe; firm and attractive.

GOLDEN  
ACRE

## YELLOW-RESISTANT VARIETIES CABBAGE PLANTS

See page 4 for prices on Cabbage Plants

# DECICCO STRAIN *Broccoli* plants

Certified by the State of Georgia

**Frost Proof—Ready January 1st Till June 1st**

An extremely early strain producing large heads ready for market ten days to two weeks ahead of Early Green Sprouting. Also furnishes a high percentage of side shoots or sprouts excellent for bunching or for freezing. Plants medium tall, light green in color, and very productive. Our stock of this strain has been carefully selected for uniformity and can be highly recommended as the best early strain of Broccoli obtainable.

**Charleston Wakefield:** 71 days,  
3 lb. head. Large, heart-shaped.

## CULTURE — CABBAGE, COLLARD AND BROCCOLI PLANTS

These are frost-proof plants and can stand a temperature as low as 20 degrees. Requires about 12 thousand plants to plant one acre and use from one to two thousand pounds of 4-8-6 fertilizer to an acre. Plant in 3 ft. rows, from fourteen to twenty-four inches in the drill. They should be planted up to the bud, but do not cover the bud. Water and press the soil firmly around the plants. Use Sabadilla dust for control of Harlequin bugs. Use five per cent DDT Dust for all types of Cabbage worms.

Prices of Broccoli Plants are the same as cabbage plants, both by Parcel Post and Express.

## GREAT LAKES 6236 LETTUCE PLANTS

Ready January 1st to June 1st

Is resistant to tip burn and stands up well in hot weather. Will stand 20 degrees. Makes head in about 65 to 70 days. Use very rich soil and plant in 2 ft. rows, 12 inches apart. Takes about twenty thousand plants to plant an acre. Should put a light application of nitrate of soda after the plants have reached some size.

## BE SAFE AND SURE WITH FULWOOD'S PLANTS

- 1—48 years of growing and shipping highest quality vegetable plants.
- 2—A Georgia farm and a Florida farm. Our farms at Tifton, Georgia, and at Palatka, Florida, give us year-round growing.
- 3—Hardy, healthy plants grown in open field.
- 4—Latest and very best planting, spraying, cultivating equipment that can be bought.
- 5—Experienced plant pullers and specially designed containers to insure you fresh plants on arrival at destination.
- 6—Two thousand acres of irrigated land.
- 7—References—Bank of Tifton. Dun & Bradstreet. The Packer Red Book and The Produce Reporter Blue Book.

## EGG PLANT PLANTS

Ft. Myers Market  
(Florida High Bush)

CALIFORNIA WONDER  
SWEET PEPPER

**Not Frost-Proof. Ready April 1st to June 15th**

### CALIFORNIA WONDER

(Sweet) PEPPER—This is an outstanding medium large variety for market garden and shipping. Plants vigorous and prolific. Fruits four-lobed, chunky, very attractive, smooth, uniform deep green, changing to bright crimson. Flesh thicker than any other variety, sweet and mild. Our stock is definitely superior.

### EARLY CALWONDER

(Sweet)—Early strain of California Wonder maturing a week or ten days earlier. Plant stocky and sturdy, vigorous, prolific. Fruits 3-and 4-lobed, upright, attractive, smooth, uniform; deep green changing to bright crimson at maturity; thick, sweet and mild. Particularly desirable in area of shorter season. Packs well because of its uniformity.

HUNGARIAN YELLOW WAX  
HOT PEPPER

## PEPPER PLANTS

### HUNGARIAN YELLOW WAX

(Hot) Very early. Very desirable for home, market, garden and canning. Plants small; heavily productive. Smooth, waxy light yellow, becoming bright red; flesh thick and pungent.

### CULTURE—PEPPER PLANTS

Will not stand frost. Should be planted in 3 ft. rows, twenty-four inches apart. Use approximately seven thousand plants to an acre. Peppers, as a rule, are not bothered seriously by insects.

# FULWOOD'S NEW IMPROVED

## *Certified* SEED SWEET POTATOES and SWEET POTATO PLANTS

Sweet potato seed should be ordered only a week before ready to put in a hot bed.

Instructions for bedding sweet potato seed will be sent on request.

Nothing less than one bushel of seed potatoes shipped.

Be sure to state variety you want

### **GOLD RUSH—**

Very popular for extra early sweetpotato production. Has medium length vines and will make in about 90 days. Is a copper skinned potato with deep orange, smooth flesh and completely free of strings in the meat. Does best on the lighter type soils. This sweetpotato was developed by Dr Julian C. Miller, U. S. Department of Agriculture, Baton Rouge, Louisiana.

### **BUNCH PORTO RICO—**

Not as early as the Gold Rush. Recommended for home garden as it will not take over the rest of the garden. Has very short vines which makes digging and cultivating easier. Makes uniform potatoes. High sugar content and excellent for table use. Has been known to produce 700 Bu. to an acre under ideal weather conditions.

### **PRICES ON SWEET POTATO PLANTS**

Varieties: Gold Rush, Bunch Porto Rico and Georgia Red

The minimum express charges are \$1.80. When ordering less than two thousand plants it would probably be cheaper to ship them by parcel post.

1 Bushel	... \$4.00 per bushel crate
25 Bushels	... 3.75 per bushel crate
50 Bushels	... 3.60 per bushel crate
100 Bushels	... 3.50 per bushel crate

### **GEORGIA RED—**

New vigorous, vine type sweetpotato variety released by the Georgia Coastal Plain Experiment Station in 1955. Is a coppery-red-skinned potato with light orange flesh of soft moist texture. Has medium length vines. Produces a satisfactory yield in 140 days. In 183 days this potato averaged 457.85 bushels per acre under good growing conditions. Excellent eating quality. Excels as a baking potato.

### **SWEET POTATO PLANTS**

**Not Frost-proof**

**Ready for shipment about  
March 1 to July 1**

### **CULTURE**

They should be planted after danger of frost. Use about 1,000 pounds of 4-8-8 per acre. Plant in 3 1/2-foot rows, 12 inches to the drill, and use approximately twelve thousand plants to plant one acre. They should be on a six-or eight-inch bed. The Bunch Porto Rico can be cultivated without turning vines and can be dug without having to cut vines, thus saving about fifty percent of the labor. The Gold Rush and Georgia Red should be planted the same as Bunch Potato Plants except these are vine potatoes. Follow crop rotation.

REFERENCES: Dun & Bradstreet, Inc., The Blue Book, The Red Book, The Bank of Tifton.

**We now employ a Routing Expert to see that your shipment of plants goes the quickest way possible.**

**AIRPLANE DELIVERY BY PARCEL POST:** We now ship Parcel Post orders to the nearest large Terminal by AIRPLANE, then by Parcel Post to your door. You get the plants the second morning as fresh as when hand picked from our field.

**RAILWAY EXPRESS:** Plants shipped by Railway Express are routed the quickest way and packed to arrive in good fresh condition.

**TRUCK LOADS OF PLANTS:** We specialize in loading trucks with fresh pulled plants right in the field. Send your truck with

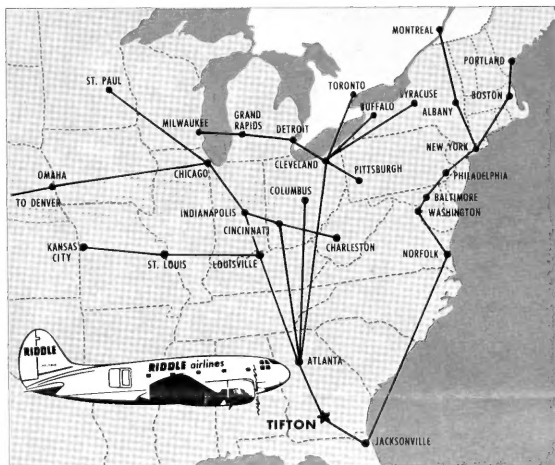

your field boxes or crates (we will save the express and crates), making your plants much cheaper. If you have no crates we can furnish them. We load trucks every day—call us long distance. We can then tell you what day we can load your truck and how many plants your truck will carry. If you do not have a truck we will rent one here to deliver your plants.

**AIRPLANE DELIVERY:** Less than a plane load. Any size order from 5,000 plants and over. No delay. Your order leaving Tifton this evening is delivered to your airport in most locations the next morning. The airport will telephone you a few hours before arrival of plants so you can meet them at the airport. Airplane transportation is a little higher than Railway Express, but assures you quicker service and fresher plants.

All plants weigh from 15 to 20 lbs. per thousand except onion plants which weigh approximately 6 lbs. per thousand. You will only be charged for the actual weight of the plants.

# FULWOOD'S *Certified* tomato plants

CERTIFIED BY THE STATE OF GEORGIA  
Ready March 1st to June 15th

## CULTURE—TOMATO PLANTS

Will not stand any frost. Should be planted in 4-foot rows, thirty-six inches apart and use about 3,500 plants to an acre. They should be planted up to the first heavy stem or leaf. For control of early and late blight use Dithane Z-78. For control of any insects use DDT, Calcium Arsenate or Lead Arsenate. For applying follow directions on containers.

## MOST POPULAR VARIETIES FOR SHIPPING HOME GARDENS AND CANNING

### VALIANT

Adapted to short-season areas and the early market. Plant sparse and open; fruits large for an early variety, globe shaped and of bright scarlet color.

**FRUIT 69 DAYS AFTER SETTING PLANTS**

### MARGLOBE

is a splendid type for earliness and uniformity. It is particularly valuable for shipping; definite disease-resistance recommends it for use in sections infested with fusarium wilt and nail-head rust. Plants thrifty and heavily productive bearing over a long period. Fruits uniform deep scarlet, large, globe shaped; smooth, solid and of distinct quality.

**FRUIT 77 DAYS AFTER SETTING PLANTS**

### RUTGERS

An excellent all-purpose variety of wide adaptation. Plant large and prolific with thick stems and vigorous growth; partially resistant to fusarium wilt. Fruits globular, bright red, smooth, with thick walls and small seed cells.

**FRUIT 75 DAYS AFTER SETTING PLANTS**

# FULWOOD'S • TOMATO PLANTS Burpee's **BIG BOY**® **GIANT HYBRID**

*Sensational*  
**F<sub>1</sub> HYBRID**

**MOST POPULAR OF ALL**  
Plants Ready March 15th to June 15th

## **BIG BOY**®

introduced  
by Burpee in 1949, is  
the largest of our true,  
first generation (F<sub>1</sub>) hybrid  
tomatoes; many weigh 1 lb. and more,  
some 2 lbs. and over. Big Boy tomatoes are  
perfectly smooth, deep globe in shape and  
very firm; scarlet-red color, thick walls, with  
bright red, meaty flesh of fine flavor and  
excellent quality. At its peak of performance  
in mid-season, although large fruits are  
produced late in the season when many  
standard varieties decline in yield and size.  
Ideal hybrid for the home and market grower,  
especially roadside sales. The demand for  
Big Boy® Tomato is greater than for any other  
plants. Plants are very large extremely  
vigorous, semi-upright to spreading; moder-  
ately dense, dark green foliage protects the  
fruits from sunscald. They produce fruit until  
frost.

### **PLANTING NOTES:**

When plants arrive, if your ground is not in condition to plant right away, take the plants out of the crate, cut the bands, spread out and place the roots in soft mud. In planting, pack soil well around the roots, pouring water in the hole after the plants are set out. Throw loose dirt around the plants after watering to keep the wet soil from drying out.

If plants should arrive somewhat yellow or wilted, this does not hurt them. Set the plants out immediately and they will grow.

### **PRICES ON BURPEE BIG BOY® GIANT HYBRID TOMATO PLANTS**

**THREE (3) PLANTS CAREFULLY  
SELECTED AND PACKED

Tifton, Georgia  
Dear Sirs:

March 14, 1956

Dear Mr. Fulwood:

March 20, 1956

Dear "Fulwoods",  
Last year I ordered 12 of your  
new hybrid F2 Climbing  
Specimens and was literally one vine  
short. I had to order 13 to be  
climbed with tomato trellis and  
climbed 16 ft. on my vine  
had bushels of fruit. I had  
one vine that one vine  
alone. It had had furnished  
plenty when frost came, too.  
And covered with ripe tomatoes! I'm  
green ones and hybrid F2  
really sold on hybrid F2  
Climbers. I'll one dozen of my  
Please send order to  
4 dozen R. S. Bowden  
129 South Perkins St.  
Memphis, Tenn. 38103. And more  
power to you!

Thanks a million!

*Mr. A. J. Bowden*

#### AIRPLANE DELIVERY

Shipped by Plane to your nearest large air terminal, then by Parcel Post to your door. Plants received by you second day after we deliver to airplane. Every plant is hand selected and graded

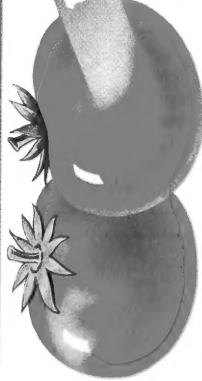

#### GUARANTEE

##### 48 Years of Satisfactory Service

We guarantee all of our plants to be exactly as described in this catalog. Fresh pulled day order is shipped. Plants pulled approximately 50 to bundle and packed to carry to your home in good condition. Any plants arriving in bad condition will be reshipped at once, provided you notify us within five days. When you purchase Fulwood's plants you will receive full count, no runs, no discards. We grow our plants from the very best seed obtainable. Nearly all of our seed is from the highest quality seed firm of Ferry-Morse Seed Company. We send you only the highest quality plants and they stand behind them. However, weather, soil, and care also influence crops, so in no case shall we be responsible for any amount beyond the purchase price.

—P. D. FULWOOD CO.
